

Teaching/Pairing Transmitter in Telestart T91

1. Remove the 1 A fuse (black) from the heater's fuse holder (voltage interruption of receiver).
2. Wait at least 5 seconds and refit the fuse.
3. After approximately 2 seconds, however within 6 seconds, press the OFF button on the transmitter for at least 1 second.
4. Teaching is completed.

A maximum of 4 hand-held transmitters can be taught in this way. During additional teaching processes, the "oldest" transmitter will be deleted each time.
